

My One Page Profile

What people appreciate about me

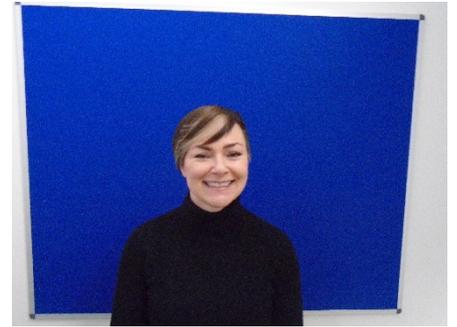

A quick poll of my work colleagues suggests that I am kind and caring. Apparently I am very understanding and nurturing of Staff and Students. I am also approachable and easy to talk to, hopefully you won't disagree!

What I find difficult

I panic a bit with Maths, I need to make notes and practice methods to help me feel more confident. Technology is another area I struggle with, but I will ask anyone for help, so please take pity on me if I ask you. I find it difficult to work in an area that is untidy (school or home). It stresses me out and I can't concentrate on a task until the issue is sorted. I also find it difficult to concentrate on what people are saying if they are standing in front of a busy display or wild wallpaper, it stresses my eyes out! Analogies in

Instructor/PSW

What is important to me now

Tea and cake are of huge importance to me! Exercise really matters to me too. It helps me deal with stress and keeps me happy and upbeat.... and allows me to eat lots of cake. Being happy in my work is also important to me as it is a big part of my life. My family and my friends.

What I like

Cake, did I mention that before? I like peace and quiet. Running in the rain. Autumn is my favourite time of year. I love a good musical. Wailing along to the songs makes me happy, though it probably has the opposite effect on those around me. I like listening to my children talking amongst themselves, they make me smile.

How to support me

If I appear to be upset, please don't be nice to me as it will only make me worse. If I'm dealing with technology, any offers of help would be greatly appreciated.

What is important to me in the future?

Financial security would be lovely. Making sure my children are happy and successful. Keeping fit and healthy.
