Pupil Premium Statement

Pupil Premium is additional government funding for pupils who are either looked after children or come from disadvantaged backgrounds. This funding is used to boost the learning of pupils so that the gap between learners is narrowed and all pupils are able to reach their full potential.

Evidence shows that the most effective schools achieve best outcomes through high quality teaching, strong leadership, a relevant and coherent curriculum, a culture of high expectations and targeted catch-up and enrichment activities. Intrinsic support in the basics can enable children from disadvantaged backgrounds to catch up with their peers. Schools also influence how parents support their child's learning and behaviour as they grow older and their needs develop. They can also help parents understand the breadth of possibilities open to their child and how their child can achieve their aspirations.

Pupils who received pupil premium funding may have benefited from one or more of the following additional provisions:

- 1:1 interventions for literacy and numeracy
- After hours support in maths/English
- Small class sizes (8 pupils to 1 teacher and TA)
- Alternative curriculum e.g. alternative PE group, vocational learning
- Purchase of equipment/software to support learning
- Revision guides
- Support for behaviour

Pupil premium is paid in varying amounts by different local authorities. A full breakdown of pupil premium money received by the school and how it was spent will be available after our first year of operation. However, thus far, one pupil has received after-school maths tuition as a result of it.
